EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In claim 7, please replace the word "he" at the end of line 1 with

-- the --.

In claim 11, please replace the word "The" at the beginning of the claim with

-- A --.

This modification was necessary because claim 11 has been converted into an independent claim.

Priority

Acknowledgment is made of applicant's claim for foreign priority based on applications filed in Japan on November 6, 1998. It is noted, however, that applicant has not filed a certified copy of the Japanese applications as required by 35 U.S.C. 119(b).

Allowable Subject Matter

Applicant has amended the claims such that they now recite only the methallyl-functionalized polyisocyanurate for component (b). An updated survey of the prior art still did not yield a reference applicable to this embodiment of the instant invention. Therefore, claims 1-6 and 8-12 are deemed allowable.
